

The Peace Burd ...

^{the}
a (Body)

from

Peace

^{b.}
(the wing)

How to make
Your Peace Burd

1. Cut out the two shapes a + b round the heavy black line.
2. Cut along the dotted lines to make slots.
3. Paint or draw on each of the shapes — or write a letter or a poem — anything you like (both sides).

4. Write your name under the word 'from' — you address too, if you like.

5. Slide the wing slot into the body slot and you will have a Peace Burd ready to fly.
